## COMMERCIAL PRODUCTS

Manual Flush Valves

Econax Sdn Bhd was established in November 1984 to provide quality, reliable and affordable sanitary ware. Owned by the ROCA Group, a global icon in the bathroom business, Econax forms part of the group's effort in improving the environment with better sanitation.

Econax has a wide array of products for residential and commercial bathrooms, ranging from water closets to faucets. These products feature trendy designs at affordable prices which make them much-loved by many local markets.

Econax products are well represented in several residential and commercial properties in both the local and international markets. Today, the Econax range of products is manufactured in Malaysia and exported to Europe, Australia, Singapore and Asia.

# WATER CLOSETS

One-piece  
Close-coupled

# URINALS & SQUATTING PANS

Wall-hung Urinals  
Floorstanding Urinal  
Division  
Squatting Pans

Urinals are typically used in commercial bathrooms for men. They are compatible with either push button or automatic sensor flushing systems. Urinals can be utilized by both adults and children, at correct installation height for better usability. Squatting pans, also known as squat toilets are commonly used in Asia and perceived to be more sanitary and hygienic.
